

BOOM BOX

Who to Approach

Call, or better yet, speak to a person in charge at a front desk anywhere. Approach gyms, doctor's office, physiotherapists, massage therapists, dentist, nail salons, hair salons, spas, stores, etc, etc.

How to Approach

Take your Chip N Dip Bowl, or anything wrapped in cello, and approach the above people. Let them know you are from Tupperware and are doing free draws for the Chip N Dip Bowl in a variety of offices to promote your business. If they are interested in letting you leave your product for display for a few days, you will also give them the same prize.

How to Set Up

If the answer is yes, set up the product with your draw tickets and pens along with some catalogues and sales flyers. If you are not using a Chip N Dip bowl then paper up a shoebox with a slit in it to put the draw tickets when filled out into it. Let them know when you will be returning to make sure that it is a convenient time for them.

If the answer is no, thank them for their time.

How to Close

Returned at the planned return date. Draw, in front of the person in charge, the winner of the draw. Let them know the winner will be contacted in the next day or two. Give the person in charge their gift as well at this time as a Thank you. Thank them for their time. Ask them, if this is something they would like you to do in the future again. Collect your things and leave.
