60 DAYS

To Change Your Life

Starting your Tupperware business is simple and fun. You are your own boss and you can decide how much you work, when you work and how you want to work. When was the last time that you had a job like that?

Give Tupperware a try for sixty days. That's it! Then decide which option below works best for you!

- **OPTION 1:** I'm having so much fun with my party business! I love the income, the flexibility of my schedule, and I want to fill my datebook and learn more about growing my business.
- **OPTION 2:** I've had a lot of fun and made some great money. I want to continue by holding just one or two parties a month and selling to my family and friends!
- **OPTION 3:** This has been a blast. I've always wanted to try something like this, and I am so glad I did. I would rather purchase a few items and then go back to being a happy Host in your datebook. I love having my friends over and would love to have Tupperware parties with you in the future.

It's that simple! Sixty days that could change your life. You'll never know which option works best for you ... until you give Tupperware a try!
