MODULAR MATES® CONTAINERS

When you're in need of a modular makeover (and who isn't?), your Tupperware Independent Rep is the one to call for Custom Kitchen Planning. Go for total reorganization or learn how to put the perfect staples in your pantry so you're ready to make an awesome variety of meals.

THESE BUILDING BLOCKS FOR BUSY FAMILIES FIT PERFECTLY INTO YOUR LIFE. LEARN MORE:

Take a peek:

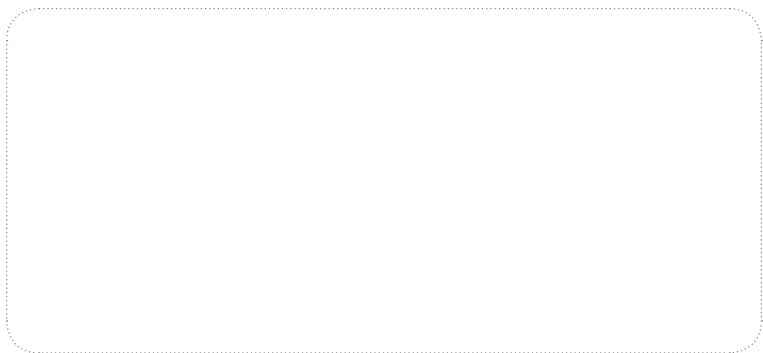

The transparent windows help you quickly identify contents and plan your grocery list at a glance.

Vegan? Gluten-free?:

Keep separate sets for those in your family on separate diets. Using different seal colors is helpful, available now for a limited time.

Bulk savings, less waste.

Bring your container to a cashier, they'll weigh it and give you a "tare" weight before you fill up. When you check out, the cashier will subtract the tare weight so you only pay for the food.

SIMPLE MATH: Containers are named according to height, so to make it modular, just add it up. For example, two Oval 1s = one Oval 2, and one Oval 1 + one Oval 3 = one Oval 4.
