

Quick Microwave Cakes

From Your Tupperware Connection

Angel Food Cake w/ Fresh Strawberries

1/2 pkg Betty Crocker
1- Step Angel Food Cake mix
3/4 cup water

Combine cake mix and water. Pour into 8 cup Heat n Serve. Microwave on high for 2-1/2 minutes, then lower to 70% for an additional 2-1/2 minutes. Remove from microwave and invert immediately. Let stand for 10-15 minutes.

Slice strawberries in Quick Chef w/blade. Remove berries and blade, then whip fresh whipped cream with whipper attachment.

Self-Icing Chocolate Cake

1 Choc cake mix
1 (3oz) instant choc pudding
2 eggs 1-1/2 cups milk
12 oz chocolate chips
1/2 cup nuts

Mix all ingredients together. Pour into 8-cup Oval Heat n Serve. Cook on high for 9-14 minutes or 70% (preferred) for 12-18 minutes. Check for doneness (cake will pull away from sides all the way around)
Cool for 10 minutes, then invert onto plate. Spread melted chocolate on top (usually the chips have sunk to the bottom to create icing)
