

Margarita Jello Shots

- 6 ounces Lime Jello (large box)
- 16 ounces Water (boiling)
- 6 ounces Tequila
- 2 ounces Triple Sec
- 1 ounce Lime Juice
- 1 ounce Water (cold)

Mix the jello mix with the boiling water until the powder is fully dissolved. Add the rest of the water and the alcohol. Pour the mixture into **Tupperware Jel-Ring Mold**. Refrigerate until set. To unmold, place hot towel on Jel-Ring Mold for 10-15 seconds. Remove large seal and place Mold on serving platter. Remove inner seal to release mold onto platter. Slice and serve.
