

Fitting Tupperware into your life!

Tupperware can fit into any lifestyle and here is how it works!

Did you know there are three different types of people? You may be two types, or all three, but you are definitely at least one.

There are **SPENDERS**, **SAVERS**, and **EARNERS**.

Now just think of what type of person you are; a spender, a saver, and/or an earner.

Can I have a show of hands of all the **SPENDERS**? For you, Tupperware has a wonderful catalogue and brochure with great products. So you can just spend, spend, spend!

Where are my **SAVERS**? For you, Tupperware has amazing host gifts and bonuses. You can have a few friends over for coffee, I bring the dessert, and you can get almost anything you want for **FREE!** Just like (host name) had done tonight.

And what about the **EARNERS**. Tupperware has a wonderful career opportunity waiting for you. We earn great money, fabulous gifts and rewards; have flexible hours, and so much more. Just speak to me afterwards and I can tell you all the details. Who do you know that gets paid to talk and eat!
